B. PROFILE

Type of Organisation	Social promotion association
Is the partner organisation a public body?	No
Is the partner organisation a non-profit?	Yes

D. BACKGROUND AND EXPERIENCE

Please briefly present the organisation.

To achieve its purposes, the Association primarily carries out and organises activities of general interest as provided for by Article 5 of Legislative Decree 117/2017 and subsequent amendments.

In particular, it carries out and organises the following activities: the protection and development of the agricultural entrepreneur and their business, the safeguarding of farmers' income, the rights of agricultural work carried out as a business, the affirmation of the primary sector in the Italian economic system, the competitiveness of businesses on the markets, and the affirmation in society of the culture of the land understood as a common good, limited and non-reproducible.

The association focuses on sustainable agriculture with attention to quality, safety, food education, environmental protection and enhancement, agritourism, forests, organic farming and alternative energy; its fields also include publishing and information on agricultural legislation; territorial development and enhancement; education, instruction and vocational training, as well as cultural activities of social interest with an educational purpose; the organisation and management of cultural, artistic or recreational activities of social interest, including activities, also publishing activities, promoting and disseminating the culture and practice of volunteering and activities of general interest; the organisation and management of tourism activities of social and cultural interest; the organisation and management of amateur sports activities; the redevelopment of unused public assets or assets confiscated from organised crime.

These activities may also be carried out through the management and/or operation of facilities, structures and premises, owned by the association or by third parties, public or private, also in collaboration with third parties.

What are the activities and experience of the organisation in the areas relevant for this application?

EUROAGRICOLTORI carries out activities promoting sustainable tourism and enhancing the cultural and recreational heritage of the territory; networking activities among organisations and individuals belonging to the association network; training and dissemination of European values in order to encourage youth mobility. Develop, demonstrate and promote innovative techniques and approaches to achieve the Union's objectives in the fields of the environment and climate action and contribute to the application of best practices regarding nature and biodiversity; support the development, implementation, monitoring and enforcement of relevant Union legislation and policies, including by improving governance and strengthening the capacities of public and private actors and the participation of civil society; stimulate the large-scale introduction of technical and policy solutions that have proved effective in implementing relevant Union legislation and policies, by replicating results, integrating the related objectives into other policies and into public and private sector practices, mobilising investment and improving access to funding.

Improve the competences, knowledge and skills of agricultural entrepreneurs, particularly the younger generations. Support international cooperation and proactivity in the Community economic and social market, promote training, awareness-raising and information opportunities, promote the enhancement of typical products and sustainable tourism.

What are the skills and expertise of key staff/persons involved in this application?

Oscar Moretti, President.

Lawyer with expertise in administrative law and environmental law. He deals with litigation involving public administration and the protection of the rights of agricultural entrepreneurs. Expert in Italian and European legislation on agriculture, the environment and biodiversity.

Renato Boni, agricultural entrepreneur.

Agricultural entrepreneur, he manages Agriturismo Pallotta in Monteporzio Catone, in the province of Rome. Wine producer. He is active in promoting typical products from Lazio. In 2021 he received the Young Leaders Farmer award.

Mauro Belli, agricultural entrepreneur.

Resident in Castiglione in Teverina (VT), he manages wine and food businesses. He collaborates with numerous local associations to safeguard and enhance the environmental and cultural heritage of Tuscia.

Mora Di Tommaso, designer.

Pattern maker, a graduate in Fashion and Performing Arts Studies, she works in fashion and collaborates with the association in organising and implementing play and recreational activities.

APPROVED PROJECTS

European Circular Farmers Network

Project code	2022-2-IT01-KA210-VET-000094268
--------------	---------------------------------

DinnerDash - DiDa

Project code	101216921
Project name	DinnerDash
Acronym	DiDa
Programme	Single Market Programme (SMP)
Call	SMP-FOOD-2024-FW-STAKEHOLDERS-PJ - Food Waste: Support to Stakeholders
Duration	24 months
Period	2025-2027
Granting Authority	European Health and Digital Executive Agency (HaDEA)
Coordinator	Euroagricoltori APS
Partners	Euro Mamme ASD; Factory 1342; SOS Europa

DiDa - DinnerDash aims to reduce household food waste through an innovative approach to preventive meal planning. The initiative focuses on Italian families, particularly the “proactive” cluster, which is most receptive to change. The project targets adults, especially parents of children aged 6 to 12, as agents of change within families. Its main activities include a training course, a participatory workshop and the development of DinnerDash, an interactive planner designed to facilitate family meal planning.
